

LIFEGAS[®] O₂Shield

*your solution for the
ever changing homecare
reimbursement environment*

Protect yourself and your customers with **LIFEGAS[®] O₂ Shield**. LifeGas[®] assumes the responsibility for maintenance and distribution of all forms of regulated medical oxygen, allowing you to service your homecare patients with the oxygen therapy package that best meets their lifestyle and prescription needs.

LIFEGAS[®] O₂ Shield Provides:

- An oxygen therapy package that fulfills your patients complete prescription and lifestyle requirements
- One rate for each LIFEGAS[®] O₂ Shield oxygen therapy package
- Increased profitability per oxygen therapy patient
- Your shield against compromising your patients' lifestyle and your profits while providing what is best for each individual patient
- Protection from the increasing oxygen therapy reimbursement cutbacks

LIFEGAS[®] O₂ Shield Eliminates Your Need for:

- Warehouse space for gas and liquid cylinders and concentrators
- FDA registration as an oxygen manufacturer
- Department of Transportation registration for the distribution of gas products
- Additional capital equipment purchases
- A repair department for concentrators and other equipment
- Additional service technicians for patient set up and deliveries

LIFEGAS[®] O₂ Shield is your protection.

We provide the **right products and price at the right time** for your referral sources, your patients and you!

LIFEGAS[®]
